The vendor shall ensure that the processed material is placed in the location identified on the map (See “Section 5 – Attachments” of this solicitation).

The vendor shall coordinate all grinding activity with the County Representative and shall provide twenty four (24) hours notice prior to initiating grinding activity at any site. Each of these sites provides daily service to the general public, therefore; with the exception of the Central Facility, grinding shall only be provided on the days that the sites are not open to the public. Generally, grinding will not be conducted on Sunday. The vendor may grind on Sunday with special approval from the County Representative. The Central Facility is open to the public Monday through Saturday. The vendor shall be required to exercise extreme caution when grinding to ensure that there is no negative impact to the citizens utilizing the site. The County will ensure, to the extent possible, that the citizen access is positioned remotely from the grinding operation of the vendor.

When directed by the County Representative to complete a grind at one of the sites, the vendor may choose, while in the area, to grind all or some of the material at any or all of the sites. This additional grinding shall be coordinated with the County Representative.

While the County shall make a concerted effort to ensure that the raw material is free of any contaminants (i.e. any material that is not yard and wood waste), the County acknowledges that minimal amounts of contaminants may be found in the raw material. In that event, the vendor shall be responsible for separating and removing all contaminants. The County shall supply a container for this separated material and be responsible for the disposal of the separated material.

The contract will be administered by the Department of Environmental Services. The Department of Environmental Services shall designate a County Representative who shall be the vendor's contact for all issues related to the services.

In the event of failure by the vendor to deliver services in accordance with the contract terms, after oral or written notice, the County may procure the services from other sources and hold the vendor responsible for any resulting additional costs.

In the event a contractor fails to perform a service satisfactorily, the County shall immediately request that the vendor return to that site and correct the services to a satisfactory level. There will be no extra compensation to the vendor for this corrected work.

All of the vendor's equipment utilized for this contract shall be:

1. In good operating condition and provided with all needed maintenance to sustain this condition for the duration of the contract.
2. Properly registered and insured in accordance with the Motor Vehicle Laws of Florida and in compliance with all federal, state and local safety regulations.
3. Subject to inspection and approval by the County prior to the award.
4. In the event of any equipment failure involving fluid leakage or loss of fluid, the fluid shall be contained and reported to the designated County representative immediately. The report shall be followed up with a written detailed account of the damage. Clean up must be completed and area restored to pre-spill conditions by the vendor.

Payment Process

The payment for the grinding service shall be accomplished by first determining the cubic yards of the process material. The cubic yard volume shall be determined by utilizing the Cubic Yard Calculation presented in Attachment II. Once the cubic yard volume is determined, the cubic yard volume is multiplied by the unit price per cubic yard to determine the amount of the payment.

To facilitate the measuring process, the vendor shall stack, to the extent possible, the ground material so that the measurements included in the Cubic Yard Calculation are most easily determined.

Prior to payment being made, the vendor representative and the County representative shall agree on the total cubic yards of processed material. If, following independent calculations by the vendor representative and the County representative, the vendor representative and the County representative cannot agree on the total cubic yards, the vendor representative and the County representative shall meet at the site to reach an agreement on the total cubic yards. Once an agreement is reached, the County shall process that payment to the vendor. The vendor shall then be required to submit an invoice to the County.

Basis of Contract Award

The contract award shall be based on the estimated annual total costs of the services.

The estimated total costs for each site shall be determined by multiplying the estimated total cubic yards times the respective vendor unit price per cubic yard. The estimated total costs of the services shall be determined by adding the total costs for all of the sites. The bid shall indicate the total cost per cubic yard to be charged by the vendor for material being processed. No start-up, initial operation costs, or any costs other than the unit price bid by the vendor is allowable.

The County shall not guarantee the amount of raw material that will be available to the vendor when the vendor is directed by the County representative to complete the grinding at any of the sites. However, in the event that the County representative directs the vendor to grind at any of the sites, the County shall guarantee that the minimum amount shown below shall be available to the vendor to grind. In the event that the minimum amount is not available to the vendor, the vendor shall be paid for the minimum amount.

Such inquiries shall contain the requester’s name, address, and telephone number. If transmitted by facsimile, the request should also include a cover sheet with the bidder’s facsimile number.

The Office of Procurement Services may issue an addendum in response to any inquiry received, prior to bid opening, which changes, adds to, or clarifies the terms, provisions, or requirements of the solicitation. The bidder should not rely on any representation, statement or explanation whether written or verbal, other than those made in this solicitation document or in any addenda issued. Where there appears to be a conflict between this solicitation and any addenda, the last addendum issued shall prevail. It is the bidder’s responsibility to ensure receipt of all addenda and any accompanying documentation. The bidder is required to submit with its bid a signed “Acknowledgment of Addenda” form when any addenda have been issued. Failure to acknowledge each addendum may prevent the bid from being considered for award.

D. Contents of Solicitation and Bidders’ Responsibilities

It is the responsibility of the bidder to become thoroughly familiar with the requirements, terms, and conditions of this solicitation. Pleas of ignorance of these matters by the bidder will not be accepted as a basis for varying the requirements of the County or the amount to be paid to the vendor.

E. Restricted Discussions

From the date of issuance of this solicitation until final County action, vendors should not discuss the solicitation or any part thereof with any employee, agent, or any other representative of the County except as expressly authorized by the designated procurement representative. The only communications that shall be considered pertinent to this solicitation are appropriately signed written documents from the vendor to the designated procurement representative and any relevant written document promulgated by the designated procurement representative.

F. Change or Withdrawal of Bids

Changes to Bid - Prior to bid opening, a bidder may change its bid by submitting a new bid as specified in the solicitation with a letter on the firm’s letterhead, signed by an authorized agent stating that the new submittal replaces the original submittal. The new submittal shall contain the letter and all information as required for submitting the original bid. No changes to a bid will be accepted after the bid due date and time.

Withdrawal of Bid - A bid may be withdrawn, either physically or by written notice, at any time prior to the bid due date. If withdrawn by written notice, that notice must be addressed to, and received by, the designated procurement representative prior to the bid due date and time. A bid may also be withdrawn after expiration of the specified bid acceptance period, and prior to award, by submitting a letter to the designated procurement representative. The withdrawal letter must be on company letterhead and signed by an authorized agent of the bidder.

G. Conflicts within the Solicitation

Where there appears to be a conflict between the General Terms and Conditions, Special Conditions, the Technical Specifications, the Pricing Section, or any addendum issued, the order of precedence shall be: the last addendum issued, the Bid Price Section, the Technical Specifications, the Special Conditions, and then the General Terms and Conditions. It is incumbent upon the vendor to identify such conflicts to the designated procurement representative prior to the bid or proposal response date.

H. Prompt Payment Terms

It is the policy of the County that payment for all purchases by County agencies shall be made in a timely manner and that interest payments will be made on late payments in accordance with Part VII, Chapter 218, Florida Statutes, known as the Florida Prompt Payment Act. Bidders are requested to provide prompt payment terms in the space provided on the signature page of the solicitation.

- B. The bid submitted must be legible, and completed using typewriter, computer or ink. Any entry change must be crossed out and initialed in ink. Failure to comply with these requirements may cause the bid to be rejected.
- C. An authorized agent of the bidder's firm must sign the bid. **FAILURE TO SIGN THE BID MAY RENDER THE BID NON-RESPONSIVE.**
- D. The bidder may be considered non-responsive if bids are conditioned to modifications, changes, or revisions to the terms and conditions of this solicitation.
- E. The bidder may submit alternate bid(s) for the same solicitation provided that such offer is allowable under the terms and conditions. The alternate bid must meet or exceed the minimum requirements and be submitted as a separate bid marked "Alternate Bid".

- B. When there are multiple line items in a solicitation, the County reserves the right to award on an individual item basis, any combination of items, total low bid or in whichever manner deemed in the best interest of the County. This provision specifically supersedes any method of award criteria stated in the solicitation when such action is clearly necessary to protect the best interests of the County.
- C. The County reserves the right to reject any and all bids if it is determined that prices are excessive or determined to be unreasonable, or it is otherwise determined to be in the County's best interest to do so.
- D. The County reserves the right to negotiate prices with the low bidder, provided that the scope of work is not amended.
- E. Award of this solicitation will only be made to firms that satisfy all necessary legal requirements to do business with the County. The County may conduct a pre-award inspection of the bidder's site or hold a pre-award qualification hearing to determine the responsibility and capacity of the bidder to perform the requirements of this solicitation. Award of the contract resulting from this solicitation may be predicated on compliance with and submittal of all required documents as stipulated in the solicitation.
- F. The bidder's performance as a prime contractor or

subcontractor on previous County contracts shall be taken into account in evaluating the responsibility of a bidder that submitted a bid under this solicitation.

- G. The Director of Procurement Services will decide all tie bids with initial preference being given to the entity employing the most personnel residing within the County.

3.6 CONTRACT EXTENSION

The County has the unilateral option to extend a contract for up to ninety (90) calendar days beyond the current contract period. In such event, the County will notify the vendor(s) in writing of such extensions. In no event shall the County be liable for payments in excess of the amount due for quantities of goods or services actually ordered.

3.9 NON-EXCLUSIVITY

It is the intent of the County to enter into an agreement that will satisfy its needs as described within this solicitation. However, the County reserves the right as deemed in its best interest to perform, or cause to be performed, the work and services, or any portion thereof, herein described in any manner it sees fit. In no case will the County be liable for billings in excess of the quantity of goods or services actually provided under this contract.
